EXHIBITION at THE HUB, INVERLOCH  
from Mon. 2<sup>nd</sup>. Sept through to Sat. 28<sup>th</sup>  
Sept. Come and view the wonderful,  
original work created by BCCC members

Our challenge for this month is a Macro study with caption. If you do not have a computer use a pen. Ken is not too well at the moment & is having a break so the camera lessons are on hold. Bob has offered to give a 15min camera lesson each session. Have a question ready & Bob will help you with problems

We have invited the Melbourne Amateur Photographers to an afternoon tea at the Goods Shed on Sat. 28<sup>th</sup> Sept. This is yet to be confirmed, however, please keep this date in mind and I will pass on details as soon as I can.

On Sat. 19<sup>th</sup> October, we are making a trip to the State Coal Mine, Wonthaggi, meeting there at 1.30pm. There is a huge scope for taking photographs. There is a lovely old cottage with a beautiful garden, lots of machinery and mining equipment, and for those who are brave enough, you can take a trip underground. We have booked for afternoon tea. I do need numbers.

Our normal time for Camera Club sessions is the THIRD SATURDAY OF THE MONTH. If you are a BCAS member you are welcome to come to any session. If you see something that appeals to you or you have recently bought a new camera & want to learn more techniques, then you are welcome to join us Contact Hazel Zander for more info. 5672 5300 or any BCCC member.
