At our session on 16th Nov. members brought in their USBs to show a review of their year's work. It was amazing to see the tremendous progress that has been made. The exchange of ideas and techniques indicated how everyone accepted the challenges and were eager to try new things. The challenges are set to get members out of their comfort zone and into tackling something they would not otherwise think of doing. As I see it, our Camera Club is about exchanging ideas and sharing knowledge. It is also about having fun while we are learning. Keep up the good work for 2014.

Thank you to members who brought in cards for the State Coal Mine. We will deliver them before Christmas break.
