I love the shapes and colours of fruit and vegetables. The Supermarket displays now, are so colourful with their Autumn produce.

The photo above of the juicy golden pears displayed in the fruit bowl makes the mouth water. Jan has captured the light on the pears beautifully.

The colourful photos above are a fine collection based on the theme for last month's challenge. Bob went on a trip out to Coal Creek near Korumburra and came across this delightful replica of an old-style shop displaying colourful tins and jars containing long forgotten but recognisable brands. The kitchen utensils of yesteryear stirred memories of how shops used to be. The shops seemed to be a clutter of goodies crammed onto every shelf and hanging from every hook or in every vacant space on the floor.

One lesson to be learned, from Bob is to always have your camera with you because you never know what great photo opportunity you might find.

We have many things to discuss at our next meeting i.e. Entries for The Bass Coast Artists Exhibition over the Easter Weekend. On 12th April, which is our next meeting, if you wish, bring in your photos for the Exhibition and I can collect them for judging which will take place on the following Thursday. If you have not yet mounted your photos, we can do that. I will bring in my cutter. Plus, we can use the one at the Goods Shed.

We need to discuss our involvement in the Creative Gippsland Arts Festival during May, in conjunction with BCAS. Some ideas, at the moment, are to have our normal Sat. 17th May session with Show & Tell plus an introduction to Picasa & Photoshop. We are committed to Sat. 31st May 10am-4pm, lunch provided, where possibly each member could give a brief 10min. talk on their favourite photographic theme. Bob has offered to help us with this. It is all part of the learning curve so please be part of this day as representatives of BCCC. We can make it a fun day. Bring your ideas to the next session – Sat. 12th April at the Goods Shed.

PLEASE NOTE –next session SAT.12TH APRIL 1.30PM
