

## BASS COAST CAMERA CLUB-NEWSLETTER OCTOBER/NOVEMBER 2015

Lovely Photos  
taken by Inge  
Mackie-Tooradin

BCCC Break-Up for year will be on Sat. 28<sup>th</sup>  
November, after we have taken down the  
Exhibition, at the Wonthaggi Hotel, 12.30pm

Our trip to Tooradin proved to be very successful judging by the many interesting and varied photos for hanging and memory stick samples brought in for Show and Tell. The display at the Goods Shed looks great! Thank you. Our photo enhancement session with Bob as always was very inspiring. In Photoshop we learnt how to delete an unwanted object on a photo. This took a lot of concentration and patience but the results were amazing. Not everyone has the Photoshop programme but this process, with limitations, can also be achieved in Picasa. Give it a try and see what you can come up with. For anyone wanting to go further, Lightroom is also a good program giving more options for photographic enhancement. However, there is no pressure for members to buy expensive programmes & equipment. The main objective is to enjoy your photography. Have fun.
