Show & Tell

Last month's challenge was "summer" scenes and exploring your light meter. A great effort was put in by members with some interesting results. It was an educational exercise for us and thanks to Bob for his presentation last month that inspired the exercise.

This Month's Challenge will be to photograph the super/blue moon on Wednesday 31/10. Moonrise is 8.20pm and sunset is 8.36. There is also an eclipse of the moon that begins at 10.48 and is at its maximum at 12.29am.

[Next Meeting – Saturday 17th Feb at 1.30pm](#)

We have a field trip to the Country Gardener Nursery, Wonthaggi. All meet at the Good's Shed so we can go in as a group.

Happy Snapping
